

MYSTERY MONDAY STAMPING

YouTube Link: <https://www.youtube.com/live/DNcmSfTPdzA>

August 3, 2026

Remember...

♥ No stress.

♥ Go rogue.

♥ Use what you have.

CLUE #1

Your card will be **LANDSCAPE**.

Gather:

- Basic White Thick or Light-Colored Cardstock – 5 ½" x 8 ½", scored at 4 ¼"
- Colored Cardstock – 3" x 4 ¾"
- Colored Cardstock – 2 ¾" x 4 ½"
- Designer Series Paper – (8) pieces cut to 1" x 1"
- Small sentiment stamp (*a one-line sentiment works best*)
- Ink
- Liquid Glue
- Embossing Folder
- Stampin' Cut & Emboss Machine

Sharon sharon@txstampin.com 214-403-6936 www.sharonarmstrong.stampinup.net

CLUE #2

Adhere the eight 1" x 1" Designer Series Paper squares to the 2 $\frac{3}{4}$ " x 4 $\frac{1}{2}$ " Colored Cardstock using Liquid Glue. Remember the Stampin' Up! DSP has two sides

Leave an even border around each square and a small space between them.

CLUE #3

Run the Designer Series Paper layer through your Embossing Folder using your Stampin' Cut & Emboss Machine.

CLUE #4

Adhere the embossed layer to the 3" x 4 $\frac{3}{4}$ " Colored Cardstock.

CLUE #5

Place the layers in the center of the card front so that you can see where to stamp your sentiment (you could mark the bottom with a pencil if you need to)

Stamp your sentiment near the bottom of the front of the card with ink.

CLUE #6

Add the layered piece to the front of the card with Stampin' Dimensionals, placing it above your stamped sentiment.

CLUE #7

Finish the inside of your card if you'd like by adding a Basic White layer and decorating it with coordinating Designer Series Paper or stamping.

I didn't tell you to bring anything else to this week's Mystery Stamping, but does your card need any embellishments or anything else?

MYSTERY SOLVED!

If you don't like using liquid glue due to the mess, here's a tip: add the glue, then let it dry; it becomes sticky like a Post-it note...not messy!
