Scalloped Circle Birthday Card + three other ideas

[YouTube Video](#)

---

### Measurements:

#### Card base:

Hydrangea Hue 8 ½" x 5 ½" scored at 4 ¼"

Basic White layer: scrap

Gold Foil: scrap

Designer Series Paper: scrap

---

## Instructions:

- Use a scallop die from the Scallop Blooms Bundle (if you want it to fit in an envelope, choose the second largest one)
- Place the folded edge just below the top cutting edge of the second-largest scallop die.
- Run through your die-cutting machine—this keeps the fold intact.
- Open your card to reveal your scalloped-shaped card base.
- Layer additional scalloped dies to decorate the front as desired.

## Pro Tips:

- Make sure the fold slightly overlaps the top edge of the die so it doesn't cut apart.
- Use coordinating scallop layers for dimension.
- Add embellishments like die cuts, gems, or ribbon for extra wow!

If you want it to be a complete scallop, cut a scrap piece of cardstock with the die and add it to the card front. Your layers will hide the edges. If you do see an edge, make sure you add embellishments to hide it!

Tip to add the leaves to the card: add adhesive to the back of the scallop, add the leaves then add Stampin' Dimensionals

## Additional ideas
